

# COUTURE FOR A CURE

TUESDAY,  
NOVEMBER 5, 2019

**Benefiting Pediatric Cancer &  
Related Blood Disorder  
Research**

For the past 36 years, Women for MACC (Midwest Athletes Against Childhood Cancer) has hosted a fashion show to raise money for childhood cancer and related blood disorder research. For many in the community, this has been more than a fashion show. It's a day for friends of all backgrounds, ages and lifestyles to join for a wonderful silent auction, wine pull, luncheon, fashion and most of all, to show their support of Women for MACC and our mission. Over the years, Couture has taken on many forms and this year, we're excited to continue the tradition.

Partnering with Gigi of Mequon, we will be hosting this year's Couture for a Cure on Tuesday, November 5<sup>th</sup> at the Hyatt Regency Milwaukee.

With your generous community support, Women for MACC has donated over \$5 million dollars to the MACC Fund, whose pediatric cancer and related blood disorder research has driven the five year survival rate for all childhood cancers to 80% since it's inaugural year in 1976.

**Join Us! Please consider donating an item for our silent auction.** With your donation, you may also provide any gift certificates, business cards or brochures to highlight your organization at this signature event.

To submit a donation, complete the attached form or [submit online](#).

Want to see the event come to life in person? We'd love for you to sponsor a table or purchase individual tickets to attend day-of. Sponsorship form attached.

With Gratitude,  
Karmen Weins & Jill Jansen  
Auction Co-Chairs

Partnered with **GIGI  
OF MEQUON**

**EVERY 2 minutes** a child  
is diagnosed with cancer.

**More than 40,000**  
children are in cancer  
treatment each year. **More  
than 15,000** children &  
teens will be diagnosed this  
year in the U.S.

**95% of kids** who win the  
fight against cancer, have  
other life-long side effects  
from the cancer and/or it's  
treatment.

**4% of government  
cancer research** goes to  
childhood cancer.
